

# Capability Statement

## CORE SERVICES & CAPABILITIES

**Ziegler Communications LLC** provides strategic IT consulting, professional advisory services and technical assistance to US federal government agencies, local and state clientele. Our professional staff and subject matter experts have the expertise, resources, certifications, and capabilities to support our customers' IT operations and enterprise business resources so the customer can focus more on their mission critical functions.

Founded in February 2010, Ziegler continues to grow as a Filipina-American and Woman-owned small business (WOSB) and subsequently as a GSA Federal Supply Services Contract Holder. With over 15 years in business, our innovative Software as a Service (SaaS) collaborative platform helped design our government customers operations to streamline the management of infrastructure projects from vendor selection, contracts administration, contract performance, budget planning, and financial operations and management. Our best practices drive efficiency, innovation, and enablement of our customer's enterprise operations.

**Ziegler Communications** core areas of services and capabilities include:

### IT Operations Support Services for Transportation and Public Works

- Customization and Design of IT Collaboration Platform for Contract Admin, Engineers, City Planners, Auditors, and Policy Makers for reporting and informed decision-making
- Contract Administration for Government Infrastructure Projects
- Governance, compliance, and information security for Efficiency and transparency to prevent fraud, waste, and abuse of government funds.

### Contracts Administration, Procurement and Financial Management Support

- Financial Operations and Budget Planning
- Procurement and Vendor Selection
- Governance, Compliance, and Information Security

### Enterprise Architecture (EA)

- Dept of Defense (DOD) systems architecture review and annual budget certifications for Defense Business Systems (DBS) and Office of the Executive (OEP) Planning
- Certified System Administrator for leading EA Tools (Orbus, Ardoq, Unicom System Architect)

### Data Analytics and Dashboard Reporting for Decision Makers

- Data Analytics and Reporting for Informed Decision Making
- Database System Administration, Aggregation, Analysis, and Reporting

## CERTIFIED SA FOR LEADING ENTERPRISE ARCHITECTURE COLLABORATION PLATFORM
